## Combo Hunts

Combo hunts are \$150.00 per man. They are duck and goose hunts combined. They are in a 900 Acre flooded stump field we call the 'reservoir'. It was originally a green timber area in the 1960's. Due to prolonged flooding, the green timber died leaving 900 acres of prime duck habitat nestled in the middle of 10,000 acres of rice and bean fields, located just 1 mile from the Mississippi river.

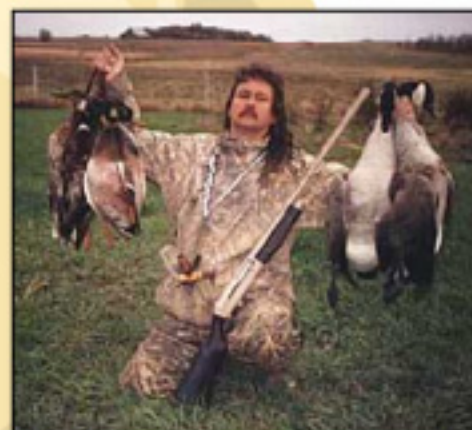

## Arkansas Early Teal

\$75 per morning

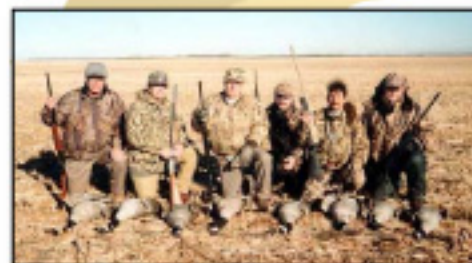

## Dakotas

Price upon Request
